

# **BAYERO UNIVERSITY, KANO**

FACULTY OF COMPUTER SCIENCES AND INFORMATION TECHNOLOGY  
DEPARTMENT OF COMPUTER SCIENCE

## **GUIDELINES FOR UNDERGRADUATE PROJECT (CSC4600)**

© FCSIT, BUK

## **Preliminary Pages and their Contents**

The preliminary pages consist of the following pages:

### **A. Title Page**

This page shall bear:

- (i) Approved title of the project all capitalized, at the top of the page
- (ii) Full name of the author, surname last, all capitalized followed by the registration number of the author at the center of the page.
- (iii) A statement starting on a fresh line in the following words (all capitalized).

*A project submitted to the department of computer science, faculty of computer sciences and information technology, Bayero, University, Kano, in partial fulfillment of the requirement for the award of bachelor of science (B.Sc.) degree in computer science.*

- (iv) Month and year of submission at the bottom of the page

See Appendix D for sample.

### **B. Declaration**

This page shall contain the following statement by the candidate: *“I, (Name) hereby declare this project titled (“Title”) is the product of my own research efforts; undertaken under the supervision of (Title and Name of supervisor) and has not been presented and will not be presented elsewhere for the award of a degree or certificate. All sources have been duly acknowledged”* Immediately below the declaration and to the center of the page, the candidate shall append his/her signature, and the date. The candidate’s full name and registration number, as it all appears on the cover of the project, shall be typed under the signature.

### **C. Certification**

This page shall bear a signed statement by the candidate’s supervisor(s) certifying that the project was carried out under his/her/their supervision. The format shall be: *“This is to certify that this project titled “XXXXX” conducted by (Name of the candidate with registration number in parentheses) has been carried out under my/our supervision.”* The title, initials and surnames of the supervisor(s) and the Head of the Department shall appear above their respective signatures and a corresponding space for the date.

#### **D. Acknowledgement**

The author shall acknowledge in his/her words the assistance given by others during the project.

#### **E. Dedication (This is optional)**

The author may, if she/he deems it fit, dedicate his/her work to any person (s) or corporate bodies as a kind of tribute. Usually, this comes in a few lines of sentences to form a single paragraph.

#### **F. Table of Contents**

This shall contain a list of all the major components parts of the project and the respective pages on which they begin. The use of Microsoft Office Word feature to automatically create and update table of contents is highly encouraged.

#### **G. Abstract**

This is a summary of the report. It must be less than 500 words long. It should give enough information to allow a potential reader to decide whether or not the report will be of interest to them. It should briefly describe the main ideas of the report. It should be both self-contained and self-explanatory, and it should not say anything not mentioned in the rest of the report (for this reason it is usually written last). It shall be italicized and contain the following : -

- (i) A brief statement of the problem
- (ii) A brief statement of the study's main objective
- (iii) A brief statement of the research methodology
- (iv) A brief straight-to-the point summary of findings or result.
- (v) The conclusion(s) drawn from the study's main findings and highlight of the major recommendations made.

**Note:** Abstracts for Conferences, Seminars and Journal Paper differs from those of projects (also for thesis and dissertations) in a number of ways, some of which are as follows:

- (i) It is much shorter in length, usually of about 50-250 words.
- (ii) It has no paragraphs since only one paragraph is required

#### **H. List of Tables/Figures (If any)**

This is similar to table of contents. All the tables used in the project shall be listed under list of tables with their corresponding page number.

**I. List of Figures (If any)**

This is similar to table of contents. All the figures used in the project shall be listed under list of figures with their corresponding page number.

**TIMETABLE CUSTOMIZATION: AN ANDROID AND WEB TECHNOLOGY  
APPROACH**

**A Case Study of Faculty of Computer Science and Information Technology, Bayero  
University, Kano**

**BY  
FULL NAME  
REGISTRATION NUMBER**

**A PROJECT SUBMITTED TO THE DEPARTMENT OF COMPUTER SCIENCE,  
FACULTY OF COMPUTER SCIENCES AND INFORMATION TECHNOLOGY,  
BAYERO UNIVERSITY, KANO, IN PARTIAL FULFILLMENT OF THE  
REQUIREMENT FOR THE AWARD OF BACHELOR OF SCIENCE (B.Sc.) DEGREE  
IN COMPUTER SCIENCE**

**Supervised by  
SUPERVISOR AFFILIATION AND NAME**

**MONTH, YEAR**

**Declaration**

I, XXXXX , declare this project titled "XXXXX", is the product of my own research efforts, undertaken under the supervision of XXXXX and has not been presented and will not be presented elsewhere for the award of degree or certificate. All sources have been dully acknowledged.

---

FULL NAME  
REGISTRATION NUMBER

### **Certification**

This is to certify that this project titled “XXXXXX” conducted by XXXX has been carefully read and approved, having satisfied the requirement for Bachelor of Science in Computer Science, in the Department of Computer Science, Faculty of Computer Science and Information Technology, Bayero University, Kano.

## TABLE OF CONTENTS

|                    |      |
|--------------------|------|
| Fly page           |      |
| Cover Page         |      |
| Declaration-       | -i   |
| Certification -    | -ii  |
| Acknowledgements-  | -iii |
| Dedication-        | -v   |
| Table of Contents- | -vi  |
| List of Tables--   | -ix  |
| List of Figures -  | -x   |
| Abstract-          | -xii |

### CHAPTER ONE INTRODUCTION

|     |                                     |    |
|-----|-------------------------------------|----|
| 1.1 | Background of the Study -           | -1 |
| 1.2 | Statement of the Problem -          | -2 |
| 1.3 | Research Questions -                | -4 |
| 1.4 | Aim and Objectives of the Study -   | -4 |
| 1.5 | Methodology --                      | -5 |
| 1.6 | Significance of the Study -         | -7 |
| 1.7 | Scope and Limitation of the Study - | -8 |
| 1.8 | Chapter Organization -              | -8 |

### CHAPTER TWO LITERATURE REVIEW

|         |   |     |
|---------|---|-----|
| 2.1     | Introduction -  | -10 |
| 2.2     | Conceptual Framework -  | -10 |
| 2.2.1   | Overview of Timetabling -   | -10 |
| 2.2.1.1 | The Phases of Educational Timetabling -                               | -13 |
| 2.2.1.2 | Types of Educational Timetables -                                     | -15 |
| 2.2.2   | Web Application Development Technologies -                            | -19 |
| 2.2.2.1 | Evolution of Web Application Development Technologies --              | -24 |
| 2.2.3   | Android Application Development Technologies -                        | -27 |
| 2.3     | Review of Related Literatures -                                       | -32 |
| 2.3.1   | DIAMANT (Generating University Timetables in an Interactive System) - | -32 |
| 2.3.2   | Saphir (A Decision Support System for Course Scheduling) -            | -33 |
| 2.3.3   | Schedule Builder Online -   | -34 |
| 2.3.4   | aSc Time Table -  | -34 |
| 2.3.5   | FET -   | -35 |
| 2.3.6   | Mimosa Scheduling Software -  | -36 |
| 2.3.7   | Abacus School Pro -   | -36 |
| 2.3.8   | Wise Timetable -  | -37 |
| 2.4     | Summary of the Review and Uniqueness of the Study -                   | -38 |

### CHAPTER THREE SYSTEM ANALYSIS AND DESIGN

|     |                |     |
|-----|----------------|-----|
| 3.1 | Introduction - | -39 |
|-----|----------------|-----|

## List of Tables

|              |                                       |   |   |   |   |     |
|--------------|---------------------------------------|---|---|---|---|-----|
| Table 2.1    | A Comparison of web 1.0 and web 2.0 - | - | - | - | - | -25 |
| Table 2.2    | A Comparison of web 2.0 and web 3.0 - | - | - | - | - | -27 |
| Table 3.1    | System Functional Requirements -      | - | - | - | - | -47 |
| Table 3.4.1  | Structure for Admin - -               | - | - | - | - | -59 |
| Table 3.4.2  | Structure for Lecturer Account -      | - | - | - | - | -59 |
| Table 3.4.3  | Structure for Student Account -       | - | - | - | - | -59 |
| Table 3.4.4  | Structure for Lecture Schedules -     | - | - | - | - | -59 |
| Table 3.4.5  | Structure for Examination Schedules - | - | - | - | - | -59 |
| Table 3.4.6  | Structure for Latest Information -    | - | - | - | - | -60 |
| Table 3.4.7  | Structure for Lecture Upload -        | - | - | - | - | -60 |
| Table 3.4.8  | Structure for Examination Upload -    | - | - | - | - | -60 |
| Table 3.4.9  | Structure for Invigilation Upload -   | - | - | - | - | -60 |
| Table 3.4.10 | Structure for Student Lectures -      | - | - | - | - | -60 |
| Table 3.4.11 | Structure for Students Exams -        | - | - | - | - | -61 |
| Table 4.1    | Development Technologies - -          | - | - | - | - | -63 |
| Table 4.2    | Development Environments - -          | - | - | - | - | -64 |

## List of Figures

|            |   |   |   |   |   |   |   |     |
|------------|---|---|---|---|---|---|---|-----|
| Fig 2.1:   | Classification of Academic Timetabling -            | - | - | - | - | - | - | -17 |
| Fig 2.2:   | Server Side Web Development Technologies -          | - | - | - | - | - | - | -21 |
